Subject: Microsoft Settlement

Please get this over with and let the public carry on with their daily activities. The settlement is just and should be implemented immediately.

With AOL and Time Warner merging, one can hardly say that Microsoft is a monopoly. I use AOL, when I purchased my computer, there were several software options to choose from, including MSN.

Our economy is suffering enough, let's get this settled and start anew.

Thank you for the opportunity to voice my opinion.

Sincerely,
Bonnie Dion
